# FOLKTALE

## Tenali Raman & the Two Thieves

One summer night, when Tenali Raman and his wife were about to sleep, he heard a rustling sound of leaves coming from outside. He looked around the room once to be sure. There was not even a slightest breeze blowing at the time, so he presumed that there were some thieves hiding in the bushes. He figured that they must be planning to rob his house in the night.

He thought of a plan and said to his wife, "My dear, I have heard that some notorious thieves are on the loose in our neighbourhood.

So, let's hide all the jewellery and money that we have in the well. We must make sure to protect our gold!"

A little later, Tenali Raman and his wife came out of the house carrying a big trunk, and dropped it into the well. Then they went back inside the house, and pretended
to be asleep.

The thieves waited for a while and then started drawing water from the well.

They hoped to empty the well and get the treasure. The thieves kept drawing out water the entire night. Towards daybreak, as they were feeling very exhausted, they managed to pull out the trunk. When they opened it, they were extremely shocked and disappointed to see only some big stones in it.

They understood that it was Tenali Raman's plan to outsmart them. Just then, Tenali Raman came out of his house and said, "Thank you friends, for watering my plants. I must pay you for your labour."

Hearing this, the thieves fell at Tenali's feet for forgiveness. They promised not to steal or rob anyone ever again. Tenali decided to let them go.

Moral- Keeping cool and using your wit in dire situations can help you get out of them.

## FUN with WORDS

# PONDERING CORNER

## Can penguins fly?

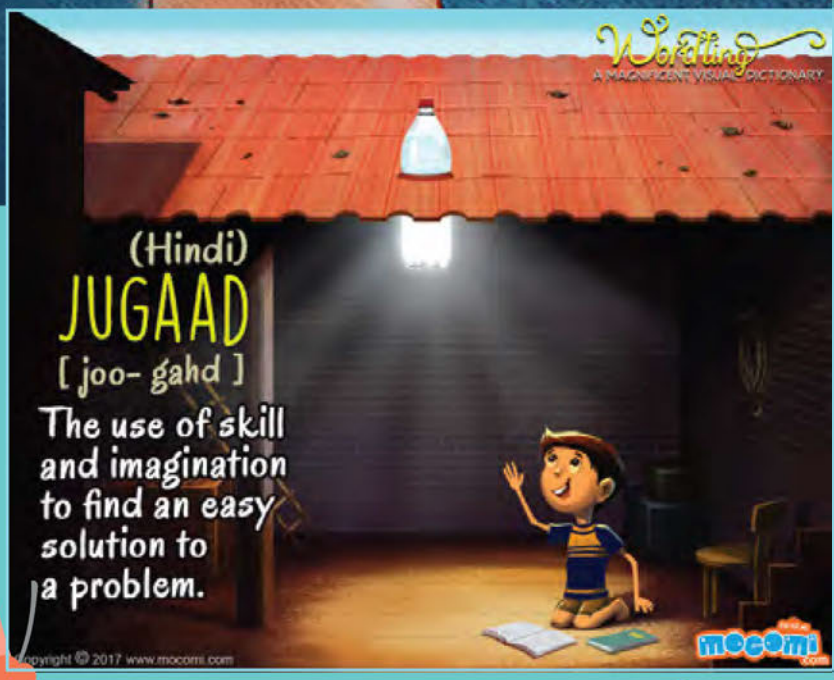

- Penguins are highly specialised for their native environment.
- For penguins being able to swim to catch fish is more useful than flying.
- Penguin "wings" are flippers covered with short, scale-like feathers, adapted for swimming.
- A bird that is good at swimming cannot also excel at flying.

# Sam Visits Hampi Discover a new place

## Some interesting facts about Hampi

The village of Hampi is like an open museum adorned with beautiful architecture, most of which are religious buildings apart from Civil and Military ones. The Virupaksha temple is the most prominent and visited building in Hampi. It is believed that Lord Shiva married Goddess Parvati in this very temple.

The Lotus Palace, Hazara Rama Temple and the Lakshmi Narasimha Temple still have beautiful Vijaynagar architectural designs and are worth a visit. Hampi is also famous for conducting the festival of Purandaradasa Aradhna, celebrated to honour the poet Purandaradasa. People also flock to the banks of the Tungabhadra River which is very famous with travel photographers as well.

There is also a long line of Elephant stables, each having different tombs.
It is where the Royal elephants of Vijaynagar would rest.

## Sleep well tonight for a good day tomorrow!

Everyday we need atleast 8-10 hours of sleep in the night.
Lack of sleep will lead toa lethargic and tiring next day.
Follow a bedtime routine for a shiny day in the morning!

Healthy me!

## Dinosaur facts you didn't know!

- Dinosaurs lived on Earth for about 160 million years, 64 times longer than people have been around.
- Palaeontologists believe that birds are the only surviving dinosaurs.
- Most meat-eating dinosaurs had bones filled with air similar to that of birds.
- A lot of dinosaurs were usually human sized or smaller.
- Mary Anning, born in 1799, was one of the most famous fossil hunters of all times.
- The Stegosaurus had a body that was the size of a van, but its brain was the size of a walnut.
- Dinosaurs often swallowed large rocks that stayed in the stomach and helped them grind up food.
